DETAILED ACTION

Response to Amendment

1. The amendment filed on 08/18/2004 has been entered and made of record. Claims 1-16 are pending.

Allowable Subject Matter

2. Claims 1-16 are allowed.
3. The following is an examiner's statement of reasons for allowance: Claims 1-16 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior art which teaches a method of determining the location of a feature in an image projection system, the method comprising: 1) projecting a first image of the feature onto a detector with a lens in a first position; 2) sensing, with the detector, the position of the first image of the feature; 3) projecting a second image of the feature onto a detector with the lens in a second position laterally spaced from the first position; 4) sensing, with the detector, the position of the second image of the feature; and 5) deducing the location of the feature from the difference between the positions sensed in steps 2) and 4), respectively, as set forth in Claims 1,8,12 including all of the features recited therein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
